Chris Marsh  
Member, Board of Directors  
New Mexico Bicycle Summit

January 25, 2018

Greetings Chris

With regards to the United States Bicycle Routes under consideration at the Summit, namely the proposed NM USBR 75 and 90 routes and Adventure Cycling's Bicycle Route 66, on behalf of the Board of Directors of the New Mexico Touring Society I respectfully and wholeheartedly endorse the development of these proposed bicycling routes across our beautiful state.

Further, we sincerely hope that your efforts to lobby the New Mexico Department of Transportation (NMDOT) to get them formally designated as USBR with the American Association of State Highways and Transportation Officials (AASHTO) meet with complete success.

Respectfully yours,

Gordon Pegue  
President, New Mexico Touring Society (NMTS)
